

Publikationen

- (2014): Method of processing a contact pad, method of manufacturing a contact pad, and integrated circuit element.
- (2010): Method of processing a contact pad, method of manufacturing a contact pad, and integrated circuit element.
- (2009): Personalentwicklung. Lehrbriefreihe AKAD GmbH.
- (2004): Comparison of a new contact topographical measurement system for spherical and aspherical surfaces with interferometry. In: Current Developments in Lens Design and Optical Engineering V, Denver, CO, USA.
- (2004): Comparison of a new contact topographical measurement system for spherical and aspherical surfaces with interferometry. In: Current Developments in Lens Design and Optical Engineering V, vol. 5523, pp. 225-234. DOI: 10.1117/12.558899.
