

Publikationen

(2020): X-ray imaging and computed tomography for engineering applications. In: tm - Technisches Messen, vol. 87, no. Online veröffentlicht: 08.04.2020. DOI: 10.1515/teme-2019-0151.

(2012): Physical characterization and performance evaluation of an x-ray micro-computed tomography system for dimensional metrology applications. In: Measurement Science and Technology, vol. 23, no. 8. DOI: 10.1088/0957-0233/23/8/085404.

(2008): Computed Tomography - A new opportunity to measure complete volumes. In: Proceedings of NCSL International Workshop and Symposium (Orlando, FL, USA).
