

## Publikationen

- (2008): Development of flood risk in mountain catchments and related perception (RISKATCH). In: CRUE Funding Initiative on Flood Risk Management Research.
- (2008): Are floods in part a form of land use externality?. In: Natural Hazards and Earth System Sciences, vol. 8, no. 3, pp. 523-532. DOI: 10.5194/nhess-8-523-2008.
- (2007): Development of land use and flood risks - analysis, assessment, measures. In: 10th International Riversymposium and Environmental Flows Conference, Brisbane, Australien.
- (2007): Economic aspects of flood protection enhancements.
- (2007): User oriented development and usability of flood maps - the case of disaster management. In: European Symposium on flood risk management, Dresden.
- (2007): Statistical and GIS approach for vulnerability assessment on a catchment scale.
- (2007): Vulnerability analysis on a catchment scale - statistical and GIS approach to derive a vulnerability index. In: European Symposium on flood risk management, Dresden.
- (2007): Are flood related costs land use externalities. In: European Symposium on flood risk management, Dresden.
- (2007): Flood risk and perception - RISKATCH.
- (2007): Integriertes Wassermanagement für den Bayerischen Wald?. In: foRUM - Forum Ressourcen- und Umweltmanagement, Deggendorf.
- (2007): Flussgebietsmanagement - Alles nur graue Theorie?. In: foRUM - Forum Ressourcen- und Umweltmanagement, Deggendorf.
- (2007): Hochwasserrisikomanagement- Wie hängen Bauwesen, Risikokultur und Klimawandel zusammen?. In: 8. Deggendorfer Bausymposium.
- (2007): Are floods in part a form of land use externality?.
- (2007): Are floods in part a form of land use externality. In: Geophysical Research Abstracts, vol. 9.
- (2007): Development of land use and flood risk - analysis, assessment, measures. In: Proceedings of the 10th International Riversymposium & Environmental Flows Conference .
- (2007): Vulnerability analysis on a catchment scale - Statistical and GIS approach to derive a vulnerability index. In: Flood Risk Management Research - From extreme events to citizens involvement.
- (2007): Are flood related costs land use externalities. In: Flood Risk Management Research - From extreme events to citizens involvement.
- (2007): Statistical and GIS approach for vulnerability assessment on a catchment scale. In: Geophysical Research Abstracts, vol. 9.
- (2007): Economic aspects of flood protection enhancements. In: Geophysical Research Abstracts, vol. 9.
- (2007): User oriented development and usability of flood maps - the case of disaster management. In: Flood Risk Management Research - From extreme events to citizens involvement.

- (2007): Integrated land use planning and river basin management. In: 10th International Riversymposium - Conference Proceedings.
- (2007): Economic assessment of natural flood detention. In: 10th International Riversymposium and Environmental Flows Conference, Canberra, Australien.
- (2006): Flussgebietsmanagement im Spiegel der integrierten ländlichen Entwicklung Integrierte ländliche Entwicklung. In: Fachtagung der Bayerischen Verwaltung für Ländliche Entwicklung, Passau.
- (2006): Flood risk management plan – relevance of the hydrological behaviour of a catchment. In: 23rd conference of the Danube countries on the hydrological forecasting and hydrological bases of water management, Belgrad, Serbien.
- (2006): Economics in River Basin Management - Water related upstream-downstream relationships in river basins. In: 3rd Conference on International Water Resources Management, Bochum.
- (2006): Hochwasserrisikomanagement. In: ILUP-Abschlusskonferenz, Waidhofen an der Ybbs, Österreich.
- (2006): Hochwassergefahrenkarten. In: ILUP-Abschlusskonferenz, Waidhofen an der Ybbs, Österreich.
- (2006): Integrated Land Use Planning and River Basin Management. In: Projektabschlusskonferenz ILUP, Waidhofen an der Ybbs, Österreich.
- (2006): Flussgebietsmanagement im Spiegel der integrierten ländlichen Entwicklung. In: Bericht zur Fachtagung der Bayerischen Verwaltung für Ländliche Entwicklung am 31.5.2006.
- (2006): Flood risk management plan - Relevance of the hydrological behaviour of a catchment, in Bruck. In: XXIII Conference of the Danube Countries on the hydrological forecasting and hydrological bases of water management, Belgrad, Serbien.
- (2005): Erosion on agricultural sites and sediment delivery to the river system. In: IP-Soil Conference, Neusiedl/See, Österreich.
- (2005): Kommunales Flussgebietsmanagement an Gewässern III. Ordnung. In: Mitglieder-Rundbrief des DWA Landesverbandes Bayern, no. 2, pp. 44-48.
- (2005): Sustainable land use and the hydrological consequences. In: IP-Soil Conference, Neusiedl/See, Österreich.
