

Publikationen

- (2008): Metaheuristics and heuristic techniques for combinatorial optimization problems. In: Encyclopedia of decision making and decision support technologies, Hershey, PA.
- (2007): Reorganisation eines europäischen Distributions- und Beschaffungsnetzwerks. In: Management logistischer Netzwerke, Heidelberg.
- (2006): A Cluster Based Scatter Search Heuristic for the Vehicle Routing Problem. In: University of Regensburg Discussion Papers in Economics, vol. Nr. 415.
- (2006): A Tabu Search Heuristic for the Truck and Trailer Routing Problem. In: Computers & Operations Research, vol. 33, no. 4, pp. 894-909.
- (2006): A Scatter Search Heuristic for the Capacitated Clustering Problem. In: European Journal of Operational Research, vol. 169, no. 2, pp. 533-547.
- (2004): Neue Tabusuche-Heuristiken für die logistische Tourenplanung bei restringierendem Anhängereinsatz, mehreren Depots und Planungsperioden.
