

Publikationen

(2011): Interaction of FKBP5 gene variants and adverse life events in predicting depression onset: Results from a 10-year prospective community study. In: American Journal of Psychiatry, vol. 168, no. 10, pp. 1107-1116. DOI: 10.1176/appi.ajp.2011.10111577.

(2009): The interplay of variations in the FKBP5 gene and adverse life events in predicting the first onset of depression during a ten-year follow-up. [Congress Abstract; 26th Symposium of the AGNP; Munich; October, 7-10, 2009]. In: Pharmacopsychiatry, vol. 42, no. 5.

(2009): Heterogeneity of DSM-IV Major Depressive Disorder as a Consequence of Subthreshold Bipolarity. In: Archives of General Psychiatry, vol. 66, no. 12, pp. 1341-1352.

(2008): Pathways into panic and phobias. In: Abstractband zum Institutssymposium des Max-Planck-Instituts für Psychiatrie (29.-30.07.2008), München.

(2008): Pathways into panic and phobias. [Abstract]. In: The International Journal of Neuropsychopharmacology, vol. 11, no. Suppl. 1.

(2008): The interplay of familial depression liability and adverse events in predicting the first onset of depression during a 10-year follow-up. In: Biological Psychiatry, vol. 63, no. 4, pp. 406-414. DOI: 10.1016/j.biopsych.2007.05.020.

(2008): Differential familial liability of panic disorder and agoraphobia. In: Depression and Anxiety, vol. 25, no. 5, pp. 422-434. DOI: 10.1002/da.20425.

(2007): Specific vulnerability and risk factors for the onset of panic disorder, agoraphobia and other phobias. [Congress Abstract; 25th Symposium of the AGNP; Munich; October, 3-6, 2007]. In: Pharmacopsychiatry, vol. 40, no. 5.

(2007): Birth complications increase the liability for depression according to trauma. [Abstract]. In: Nervenarzt, vol. 78, no. Supplement 2.

(2007): Exposure to natal complications influences vulnerability for depression under traumatic conditions. In: Abstractband zum Institutssymposium des Max-Planck-Instituts für Psychiatrie (24.-25.07.2007), München.

(2007): Differential familial liability of panic disorder and agoraphobia. In: Abstractband zum Institutssymposium des Max-Planck-Instituts für Psychiatrie (24.-25.07.2007), München.
