

Publikationen

(2015): Going ballistic: Graphene hot electron transistors. In: Solid State Communications, vol. 224, no. December, pp. 64-75. DOI: 10.1016/j.ssc.2015.08.012.

(2015): Residual Metallic Contamination of Transferred Chemical Vapor Deposited Graphene. In: ACS Nano, vol. 9, no. 5, pp. 4776-4785. DOI: 10.1021/acsnano.5b01261.
